My meetings with the new Government officials have been extremely positive and we are encouraged by the new Cabinet's enthusiasm to move the Block 14 Gold Project forward to production. We are working closely with the Government to achieve this mutual objective. We intend to use the proceeds of this financing to continue to advance development of the project. We have commenced construction of an air strip at site and are active on a number of development initiatives including setting up an operations office in Dubai, UAE to provide support to the project from a closer proximity."
